Confused About Billing?

Medicare Billing & Coding Workshop
Designed Specifically for O&P Facilities

Agenda

It's Been a Busy Year So Let's Review:

- Compliance Requirements
- Accreditation Changes

Chris Duprey and Carrie Romandine are back to bring you more insight to Medicare Coding and Billing. Due to popular request we are dedicating a major portion of this workshop on Medicare billing specifics. We will review:

- Do's and don'ts for Medicare billing services
- Medicare LMRP (local medical review policies)
- Applicable HCPCS codes for component billing
- Covered and non-covered services
- Required documentation and much more

Aaron Sorensen, CPO will bring specific training and understanding of Medicare reimbursed items and services, opportunities for additional revenue and Medicare billing and coding from a practitioner point of view.

* ABC has awarded us 3.5 Category I Business Credits for participants that are ABC credentialed. All other participants will be awarded 3.5 Category II Business Credits for this class.

One day prior to the PFA 51st Symposium in Grapevine, TX makes this a convenient opportunity!

Book your flights and hotels a day early and join us!

Transportation will be provided to the Holiday Inn Express and Suites from the Gaylord Hotel and back to the Gaylord at the conclusion of the workshop.

**Space is limited
